DETAILED ACTION

1. Claims 12-14 and 17-22 are pending.
2. The following is a quotation of the first paragraph of 35 U.S.C. 112:
The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.
3. Claims 12-14 and 17-22 stand rejected under 35 U.S.C. 112, first paragraph, because the specification, while being enabling for a diagnostic method for detecting ulcerative colitis and inflammatory bowel disease in the colon comprising detecting CEP-hTM5 complexes with antibodies against CEP and hTM5, does not reasonably provide enablement for a diagnostic method for detecting inflammatory bowel disease or diseases associated with inflammatory bowel disease comprising detecting any CEP-hTM complexes in any tissue by any method. The specification does not enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention commensurate in scope with these claims.

Applicant's arguments filed 11-28-03 have been fully considered but are not found persuasive.

Applicant argues they have amended the claims as suggested by the Examiner.

However, the claims still read upon at least 35 conditions or diseases outside the enabled scope of ulcerative colitis and IBD

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
